

**DID YOU
KNOW**

Landscape
watering is one of
the biggest uses
of water in
your home?

IRRIGATION & LANDSCAPE

Water Efficiency Program

This program will teach you how to make your landscape more water efficient.

PLUS if you convert 50% of your landscape to waterwise plants and/or amend your soil to improve water efficiency you will be eligible for a **\$250 rebate** when you spend \$500 or more.*

Or you can receive a **\$250 rebate** for a climate-based irrigation controller when installed by a Certified Irrigation Contractor.*

**You must sign up for an assessment before applying for the rebate. A water budget will be required through an online calculator to determine eligibility.*

Funding is limited and based on first come, first served.

NOTE: Assessments will be conducted with appropriate

social distancing measures in place.

For information on rebates

and to apply for a free
assessment visit:

water
matters

**The best time to start
planting a waterwise
garden is in the fall
to take advantage of
the rain! Many species
of waterwise plants
are available at local
nurseries!**
